Student Engagement & Inclusion Policy

Rationale:

Students can only reach their full educational potential when they are happy, healthy and safe, and when there is a positive school culture that is fair and respectful to engage and support their learning. A positive school culture that is fair and respectful to all is a fundamental element in promoting student engagement. Quality student-centred teaching and learning programs engage students, enabling them to learn and develop positive attitudes to themselves and their learning. Students who attend school regularly have the greatest opportunities to learn and to develop a positive attitude to learning. Student engagement is a key factor in promoting student attendance.

This policy sets out the school’s position on student engagement, student attendance and student behaviour.

Guiding principles:

- The school will collaboratively develop and implement a fair and respectful whole-school engagement and behaviour management approach.
- The school’s curriculum will include pro-social values and behaviour to enable students to acquire knowledge and skills, value diversity and build a culture of learning, community and engagement.
- The school will support families to engage in their child’s learning and build their capacity as active learners.
- The school promotes active ‘student participation’ as an avenue for improving student outcomes, facilitating school change and ownership of their environment.
- The school will establish social/emotional and educational support for vulnerable students and monitor and evaluate progress.
- The school will have processes in place to identify and respond to individual students who require additional assistance and support.
- The school will build strong links with the local community to gain access to an extended network of community members, professionals and educators who can provide expertise and experience that can build the capacity of our school and our teachers to respond to the needs of the students.
- Corporal Punishment is prohibited in all Victorian schools. Corporal punishment must NOT be used at the School under any circumstances.

Definitions:

Student engagement can be defined as three interrelated components:

1. Behavioural engagement refers to students’ participation in education, fostering behaviours more conducive to learning, including the academic, social and extracurricular activities of the school.
2. Emotional engagement encompasses students’ emotional reactions in the classroom and in the school and measures a student’s sense of belonging or connectedness to the school.

Aims:

Ormond Primary School aims to:

- Engage all students in learning.
- Meet the developmental needs of all students.
- Foster a positive school culture based on healthy relationships between all members of the school community.

Ratified by School Council  June 2018
**Student Engagement & Inclusion Policy**

- Provide students with a safe learning environment, where the risk of harm is minimised and students feel physically and emotionally secure.
- Foster high standards of behaviour based on respect, cooperation, mutual responsibility and self-discipline.
- Have each student attend school every day, except in cases of illness or other exceptional circumstances.
- Provide support for individuals who are at risk of disengaging, not attending or developing inappropriate behaviours.
- Provide support for students who are adversely affected by the inappropriate behaviour of other students.
- Embed positive behaviour management approaches that stress prevention, support and the avoidance of confrontation and focus more on the development of values, relationships and skills enabling positive student behaviour rather than on punishment for student misbehaviour.

**Engagement strategies:**

- To realise our vision, our school has in place a range of strategies to promote engagement, positive behaviour and respectful relationships for all students in the school. We recognise that some students, as a group or as individuals may need extra social, emotional or educational support to flourish at school, and so we will put in place strategies to identify these students and provide them with the support they need.
- The School works collaboratively with students and parents/carers to establish fair and respectful behaviour policies and practices, based on the school’s values, expected social competencies and positive peer relationships. There are also intervention strategies in place to address inappropriate behaviours which can negatively impact on the learning environment of the self and others.

**Strategies to promote positive student engagement and attendance:**

- Uphold the right of every child to receive an education.
- Monitor and follow up on absences in compliance with Department of Education & Training (DET) procedures.
- Intervene early to identify and respond to student needs for social, emotional, and learning support.
- Where resources allow, provide specialist support to assist teachers to meet the social, emotional and learning needs of students at risk.
- Recognise and respond to students’ needs through the Program for Students with Disabilities (PSD), language support programs and other DET initiatives.
- Provide all staff, including pre-service and casual relief teachers and volunteers with information, professional learning and support regarding student wellbeing issues.
- Provide opportunities for students to participate in developing a positive school culture (E.g. student led celebrations of learning at assemblies, student leadership, buddy program F & Yr5).
- Provide opportunities for families and the wider community to participate in school activities (e.g. Curriculum forums and showcases, School Council and sub-committee meetings, classroom and reading volunteers, Parents & Friends and excursions).
- Communicate the school’s expectations and support parents/carers to:
  - Ensure that children attend school as required by law.
  - Advise the school as soon as possible when a child is late or absent.
  - Ensure that student enrolment details are correct.
  - Provide all relevant information to the school.
  - Attend parent-teacher meetings and participate in parent/teacher/student (3-way) conferences and student led conferences.
  - Read and respond to school communications in a timely manner.

**Ratified by School Council   June 2018**
Student Engagement & Inclusion Policy

- Seek advice from the school if desiring to remove children for extended periods (e.g. holidays).

- Develop positive relationships between teachers and students that promote engagement, wellbeing and learning, for example; Circle Time, Restorative chats, Restorative conferences, 3 Way Conferences, explicit teaching of the OPS Values and Transition programs.
- Deliver teaching and learning experiences and services that are inclusive and responsive to student needs, and that reflect the diversity of the school community.
- Use evidence-based and flexible pedagogical styles to cater for different learners and to engage all students in meaningful learning experiences.
- Teach and assess students using current pedagogical knowledge aimed at challenging and extending student learning.
- Promote pro-social behaviours using a range of resources and strategies (e.g. Circle Time, Restorative practices, teacher coaching or mentoring, small group social skill development).
- Communicate concerns about student wellbeing to parents/carers in a timely manner.

Strategies to promote positive student behaviour:

- Promote a respectful and inclusive school community culture.
- Communicate high expectations (regarding student behaviour) with students and their families.
- Use the Student Engagement and Inclusion Policy as a basis for negotiating class-based shared expectations with students at the beginning of each school year and develop a Classroom Agreement. Revisit this regularly throughout the year.
- Through professional learning, build staff capacity to promote positive student behaviours (including specific behaviour management strategies and teaching about social skills) promoting a team approach to behaviour management.
- Provide support for students with behavioural issues (e.g. student-support groups, Parenting courses – Child First, Caulfield Community Centre and online parenting courses www.parenting.org
- Monitor student behaviour and the effectiveness of implemented strategies.
- Work with parents/carers to promote understanding about how they can support positive student behaviours.

Behavioural expectations:

Shared behaviour expectations for students, parents/carers and school staff are detailed in the Statement of Rights & Responsibilities, Appendix 3 and the school’s Values Statement located on the school’s website. (Appendix 2)

School actions: Responding to challenging behaviour:

Where a student acts in breach of the behaviour standards of our school community, we will institute a staged response, as outlined in the Department of Education and Training - Student Engagement and Inclusion Guidance.

Discipline:

Disciplinary measures may be used as part of a staged response to challenging behaviour in combination with other engagement and support strategies to address the range of factors that may have contributed to the student’s behaviour.

Disciplinary measures that may be applied include:

Ratified by School Council  June 2018
Student Engagement & Inclusion Policy

Restorative approach (e.g. repairing damage caused).
Withdrawal to another learning space or privileges.
Withdrawal from class activities for a specified period. Where appropriate, parents/carers will be informed of such withdrawals.
Withdrawal from playground.
Suspension (in-school and out of school).

Expulsion.
Discipline will be applied in a way that is proportionate to the behaviour and upholds procedural fairness.
Suspension and expulsion are measures of last resort and may only be applied when the grounds for suspension and expulsion set out in the Engagement and Inclusion Guidance have been met.
Suspension and expulsion can only be approved by the principal and our school will follow the processes for applying these disciplinary measures set out in the Student Engagement and Inclusion Guidance.
Information on grounds and processes for suspension and expulsion that our school will follow are available here:

Engaging with families

The School values parent / carer input and feedback into a range of student related and curriculum offerings and seeks feedback through the Parent Opinion Survey, and through other feedback forums such as parent representatives on School Council. The School Council provides financial assistance and encouragement to the Parents and Friends Association in our efforts to build a sense of community.

The school will support families to engage in their child’s learning and build their capacity as active learners. It provides an environment that welcomes all parents/carers and is responsive to them as partners in the learning.

The school will create successful partnerships with parents/carers and families by:

Ensuring all parents/carers are aware of the school’s Student Engagement & Inclusion Policy.

- Ensuring all parents/carers are aware of the school’s Student Engagement & Inclusion Policy.
- Conducting effective school-to-home and home-to-school communications.
- Providing volunteer opportunities to enable parents/carers and students to contribute.
- Involving families with home learning and other curriculum-related activities.
- Involving families as participants in school decision-making.
- Coordinating resources and services from the community for families, students and the school.
- Involving families in Student Support Groups.

Parent’s responsibilities for supporting their child’s attendance and engagement are outlined in Appendix 5. Furthermore, parents are expected to act in a respectful and constructive manner when dealing with our school.

Evaluation:

Data collection and analysis

Data will be collected regarding frequency and types of wellbeing issues, so as to measure the success or otherwise of school-based strategies and approaches.

Some of sources of data used are:
The Attitudes to School Survey data
School level report data
Parent survey data
Data from case management work with students
Data extracted from software such as CASES21 or SOCS

Additional Support for Students

Our school utilises a range of information and tools to identify students in need of extra support.

These can include the following:
Personal information gathered upon enrolment
Attendance rates
Academic performance, particularly in literacy and numeracy assessments
Behaviour observed by classroom teachers
Engagement with students’ families
Referral to the school Psychologist, Speech Pathologist and other paraprofessionals where needed.

APPENDIX

Appendix 1: School Profile

Ormond Primary School was founded in 1891 and is committed to providing a nurturing and stimulating environment which allows all children to be challenged, guided and engaged in their learning. As a learning community, Ormond Primary School aspires for all children to develop a love of learning and to value lifelong skills and knowledge.

Ormond Primary School is a school of 413 students located in the suburb of Ormond in the Southern Metropolitan Region. The school is housed in attractive and well maintained grounds and buildings. The school’s excellent facilities have been enhanced through the Building the Education Revolution Program. In 2010 a total of $2.5 million of federal funding was allocated to develop a double storey building connecting the 1927 Building, Hall and the 2000 Building. New facilities include a modern Library, Performing Arts area, Multimedia studio on the ground floor and four flexible classroom spaces on the first floor.

The establishment and maintenance of a school neighbourhood boundary has enabled the school to better manage enrolments. As a consequence the enrolment levels are anticipated to remain in the range of 390 – 420 students over the foreseeable future.

The school has a moderate number of students from a non-English speaking background and a low percentage of families in receipt of the educational maintenance allowance. Most families have at least one parent in full time employment with most working as professionals or in their own businesses. Most families value education highly and have high expectations of the school and their children. Nearly all students have attended a pre-school prior to enrolment at school.

Staffing includes a principal, an assistant principal and a well balanced staff profile comprised of one learning specialist and a range of expert, accomplished and graduate teachers. In addition there are a number of educational support staff including one full-time business manager and a full-time assistant in the office as well as six integration aides who work with a small number of children across the school. Korean is taught by a part-time cultural aide and the Multimedia program is conducted by a multimedia technician. An Out of School Hours program is staffed by a manager and four assistants.

The school is organised into three Professional Learning Teams; Foundation – Year 2, Years 3 and 4 and Years 5 and 6. The Victorian Curriculum is implemented across all levels. There is an extensive specialist teaching program covering Physical Education, Information and Communications Technologies and Visual Arts.

Ormond Primary School continues to be an active member of the Stonnington and Glen Eira (SaGE) Network of Schools.
Appendix 2: School Vision and Values

Vision

We believe:
All children should be stimulated, engaged, challenged and supported in their learning.
The school environment must have a safe and nurturing quality which allows all children the opportunity to learn.
The school community promotes and values diversity in interests, beliefs and perspectives.
Students can be effective global citizens with a sense of belonging and responsibility to our world.

Values

Ormond’s five core Values underpin everything that is taught and demonstrated at Ormond Primary School. It is the foundation upon which our students interact, learn and mature as individuals. It’s expected the whole community supports, models and promotes these values.

We strive to be Accepting, Respectful, Quality Learners who demonstrate Persistence through our challenges to achieve overall Excellence.

The Ormond values outline the qualities and attributes we endeavour to instil in each student. It scaffolds the life skills needed to be global citizens with the knowledge and dispositions to promote ethical, social and intercultural understanding. The teaching supporting the values and related qualities are covered by each year levels humanities, history, sciences and economics curriculum, with some stand alone programs to provide additional support.

To promote and encourage the adoption of these values Ormond presents the Global Citizen Awards at whole school assemblies assisted by the Community captains.

ACCEPTANCE

Ormond defines the Acceptance value to be one which celebrates difference and embraces change. Acceptance welcomes and supports a culturally diverse Ormond.

This diversity may be reflected in differing religious beliefs or alternate cultural

Appendix 3: Statement of Rights and Responsibilities

It is the right of all members of the School community to experience a safe and supportive learning and teaching environment. Staff, students and parents/carers have a right to be treated with respect, and enjoy an environment free from bullying (including cyber bullying), harassment, violence, discrimination or intimidation. (Refer to our Anti-Bullying and Anti-Harassment Policies).

Teachers also have the rights to be informed, within Privacy requirements, about matters relating to students that may impact on the teaching and learning for that student.

Students have a responsibility to contribute positively to the educational experience for themselves and other students, to participate fully in the school’s educational program, and to ensure that their behaviours demonstrate respect for themselves, their peers, their teachers and all other members of the school community.

Parents/carers have a responsibility to take an active interest in their child’s educational progress, model and reinforce positive behaviours and ensure their child’s regular attendance. They have a responsibility to support the school in maintaining a safe and respectful learning environment for all students, and engage in regular and constructive communication with school staff regarding their child’s learning.

Teachers have a responsibility to demonstrate the standards set by the Victorian Institute of Teaching. That is, to know how students learn and how to teach them effectively, know the content they teach, know their students, plan and assess for effective learning, create and maintain safe and challenging learning environments, and use a range of strategies to engage students in effective learning. Teachers also have a responsibility to fairly, reasonably and consistently implement the Student Engagement & Inclusion Policy.

All members have an obligation to ensure school property is appropriately used and maintained.

### Student Engagement & Inclusion Policy

- Always treat others with respect.
- Never physically or verbally abuse others.
- Take responsibility for their behaviour and its impact on others.
- Obey all reasonable requests of staff.
- Respect the rights of others to learn. No student has the right to impact on the learning of others.
- Follow the School’s Values Statements.

- Parents/Carers need to provide a consistent approach that supports their child’s learning and engagement in and out of school.

Additional support may be needed in the form of staged responses and is committed to working with families to reintegrate students after exclusion.

Appendix 6: Process for responding to breaches of Behaviour Expectations

Ormond Primary School will acknowledge students who meet the shared expectations outlined in this policy through recognition and encouragement. Appropriate behaviour will be recognised by:

- Positive feedback
- Global Citizen Awards
- Peer Recognition Awards
- Principal Awards
- Celebration at assemblies
- Reports
- Newsletter articles
- Leadership opportunities
- The right to represent the school.

We use the following behaviour management strategies to address breaches of behavioural expectations:

- The School’s 5 Core Value
- Restorative Practices
- Circle Time
- Mindfulness Strategies
- Positive Behaviour Management Strategies

Appendix 7: A Staged response to inappropriate behaviour

The restorative approach will be conducted in an informal way for minor incidents and be embedded in classroom teaching and learning.

Serious incidents will require a more formal restorative session that involves Level Team Leader, Assistant Principal and or a Principal; all persons affected in the incident and will be documented as a chronicle on COMPASS.

There will be situations where a formal conference involving the before mentioned people, parents, support persons and convenor will be required. Any imposed consequence will be imbedded in the restorative process that requires a response ‘that makes things right’ in relation to those who have been affected.

Where a restorative approach has previously been conducted and subsequently the behaviour continues, the school will constitute a Student Support Group to devise strategies and approaches to address the behaviour, this may include intervention from specialist services and external agencies in the local community.

Restorative practices are intended to move the focus away from a punitive consequence that is based on the establishment of wrong doing. Rather it seeks to value and support those involved so that they feel empowered to take positive action to address the situation and move forward.

Restorative practice is about being respectful of every member of our school community, encouraging responsible behaviour and actions and ensuring that personal pride and dignity is maintained.

Appendix 8: How we support positive behaviour and relationships.

Ormond Primary School encourages the active involvement of parents in the learning and behaviour of each student. It seeks to foster this cooperative approach with parents through pastoral care interviews, reports, newsletter articles, educational forums, parent/teacher interviews, phone calls and meetings.

School Values

Ormond’s five Core Values underpin everything that is taught and demonstrated at Ormond Primary School. It is the foundation upon which our students interact, learn and mature as individuals. It’s expected the whole community supports, models and promotes these values.
We strive to be Accepting, Respectful, Quality Learners who demonstrate Persistence through our challenges to achieve overall Excellence.

The Ormond values outline the qualities and attributes we endeavour to instil in each student. It scaffolds the life skills needed to be global citizens with the knowledge and dispositions to promote ethical, social and intercultural understandings. The teaching supporting the values and related qualities are covered by each year levels Humanities, History, Sciences and Economics curriculum, with some stand alone programs to provide additional support.
To promote and encourage the adoption of these values Ormond presents the Global Citizen Awards at whole school assemblies assisted by the community captains.

Mindfulness

Mindfulness is a mental state of awareness, focus and openness, which allows the students to engage fully in what they are doing at any moment. In a state of mindfulness difficult thoughts and feelings have much less impact and influence over them which consequently increases their awareness of their thoughts, feelings, body sensations and surrounding environment. Being mindful does not mean we ignore distracting thoughts and feelings but rather acknowledge and observe thoughts nonjudgmentally as they arise. It aims to create a detachment from them and gain insight and awareness.
Research tells us that practicing mindfulness can bring about a variety of physical, psychological and social benefits.
Mindfulness meditation is a form that focuses awareness on breathing and encourages positive attitudes to achieve a healthy, balanced mental state. Mindful meditation is known for reducing reactions to stress by inducing the relaxation response, lowering the heart rate, reducing anxiety and encouraging positive thought patterns and attitudes.
It helps to foster self-awareness and a kind and compassionate feeling towards a nonjudgmental, kind and compassionate feeling toward self and others.

Circle Time

Circle time is regularly used as a strategy to empower students and to further develop their personal and interpersonal skills. Members of the class each take part in what becomes a democratic, participatory time with a focus on relationships and responsibilities and it is through this that the members of the class speak, listen, interact and enhance relationships. They discuss a broad range of topics including aspects, problems that may arise and other significant events.
Some of the outcomes of effective circle time are:
• When students feel respected and are included in a dignified process, they feel compelled to own their behaviour.
• When students participate in processes that are procedurally ‘fair’ they begin to take responsibility for personal behaviour.
• When students are part of the solution they begin to develop empathy and insight.

Ratified by School Council  June 2018
Student Engagement & Inclusion Policy

• Students who participate in classroom meetings learn about fairness and justice.
• When provided with a safe forum, students are able to talk about what has occurred and how it can be fixed.

Restorative practices

Restorative Practices is grounded in principles designed to create powerful relationships, which are central to building thriving communities. Restorative Practices represents a paradigm shift that focuses on the harm done, rather than on the rule broken, in the restoration of relationships. It is a reflective practice that encourages personal responsibility, giving a voice both to the person harmed as well as the person who caused the harm. Restorative Practices aids in the acceptance of cultural differences by offering an equitable process where all members of a community feel valued and heard, and in turn, are more likely to bring their best self to the community.

Through restorative practices, members of the school community will:
• Have an opportunity to be heard.
• Understand the greater impact of one’s actions.
• Learn to take responsibility.
• Repair the harm one’s actions may have caused.
• Recognise one’s role in maintaining a safe school environment.
• Build upon and expand on personal relationships in the school community.
• Recognise one’s role as a positive contributing member of the school community.

With respect to breaches of the Student Code of Conduct any imposed consequence is combined with a process that focuses on encouraging the student to take positive action to address the situation and repair damaged relationships. A restorative approach will form part of the response to encouraging positive behaviours. For example:

A restorative question approach:

<table>
<thead>
<tr>
<th>When things go wrong</th>
<th>When someone has been hurt</th>
</tr>
</thead>
<tbody>
<tr>
<td>• What happened?</td>
<td>• What did you think when you realized what had happened?</td>
</tr>
<tr>
<td>• What were you thinking at the time?</td>
<td>• What impact has this incident had on you and others?</td>
</tr>
<tr>
<td>• What have you thought about since?</td>
<td>• What has been the hardest thing for you?</td>
</tr>
<tr>
<td>• Who has been affected by what you have done? In what way?</td>
<td>• What do you think needs to happen to make things right?</td>
</tr>
<tr>
<td>• What do you think you need to do to make things right?</td>
<td></td>
</tr>
</tbody>
</table>

In this approach to behaviour management, the term ‘restorative’ is used to stress that when a student misbehaves, restoring relationships, repairing harm and learning perspective-taking and social responsibility is more important and effective than simply delivering punishment for their misbehaviour. Restorative practices include:
• Circle Time (and conference circles) in which students sit in a circle and, using a structured format, discuss and problem-solve an issue that has affected the whole class or specific members of the class
• The ‘restorative interview’ where the teacher uses an incident of misbehaviour as an educative opportunity for teaching empathy, consequential thinking and the importance of making amends in order to repair harm and relationships
• The more formal ‘restorative conference’ that is used with more serious or ongoing misbehaviour and usually involves senior staff, parents and carers.

Resilience, Rights and Respectful Relationships
Respectful Relationships is a DET initiative to support schools and early childhood education settings promote and model emotional literacy, positive coping strategies, stress management and identity positive gender relationships. Data has proven that certain attitudes and behaviours about relationships are established during ones early years.

The Respectful Relationships whole-school approach recognises that everyone involved in our school community deserves to be respected, valued and treated equally.

The RRR initiative identifies the importance of schools and their communities supporting one another to promote positive attitudes and behaviours.

Cultural and procedural change, means schools and their communities look at staff practices, classroom management, school events, sport programs, formals and other occasions, to ensure all aspects of a school’s operation and culture are underpinned by respect and equality.

A whole-school approach to Respectful Relationships recognises that schools are:

- A workplace where all staff should feel equally respected, safe and valued and have equal opportunities.
- A safe space where young people can learn about gender equality and respectful relationships, in and out of the classroom.
- Part of the wider community that can model gender equality and respectful relationships.
